HACA and Beats Bus' New Community Partnership

HACA is teaming up with local community activists Stephen Arnott and Nigel Prez Taylor and their Beats Bus Campaign for 'No More Knives'.

Arnott (a founder) and Taylor (the current director) have been running Beats Bus, a CIC dedicated to providing youths with access to recording equipment and instruction.

With funding from a cutting-edge entrepreneur, Mr Jason Stockwood, the organisation is expanding to join the fight against knife crime.

HACA will be hosting some events, and the Gift-Aid portion of the funds will be donated to HACA for its community.

Black History Month Festivities

HACA celebrated Black History Month with an evening exploring the influences of Hip Hop & Afrobeat music.

The night began with three fascinating presentations discussing and celebrating Black History and Culture.

These were followed by a performance by Nigel Prez Taylor, a lesson in Hip-Hop Scratching from Stephen Arnott, and a presentation by Bud Sugar's own Bax about how African music influenced their unique style.

Hull International Carnival Awards 2019

HACA won the Best Pre-Carnival Workshops Award!
